Brief Summary of the Programmer: -

Cultural activities provide opportunities to the students to express themselves, build Cultural activities provide opportunities to the students to express themselves, build confidence, increase capabilities to work in team and develop social skills that are essential for their overall development. Cultural activities are an important part of the education system. According to the research, participation in cultural activities enhances students' sense of engagement and attachment to their institution and improves their performance in academics, it also helps students to explore their potential and excel themselves in various field.

On behalf of IQAC and the science faculty of Shri Shahaji Chhatrapati Mahavidyalaya, Kolhapur had organized 'Innosci fest' programs and celebrated the completion of 10 years of excellence of the science faculty. Under this Innosci fest program, we took a series of different events like model presentation, quiz competition, essay competition, flower exhibition, cultural program, and celebrating National Science Day from 18th February to 28th February, 2025.
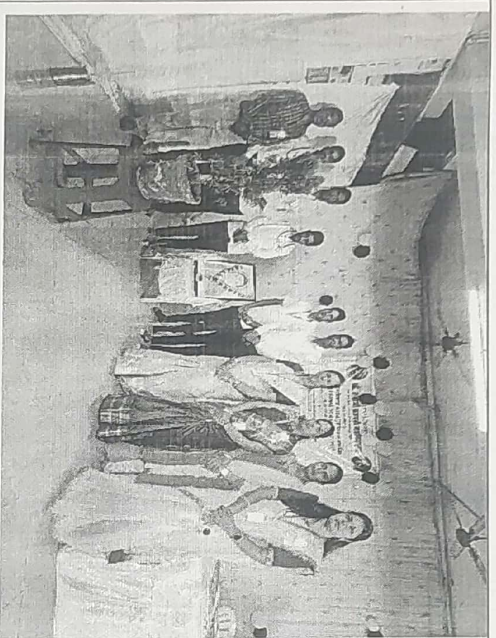

The event was clearly focused on the purpose of enjoyment, celebration of National Science Day and celebrated the completion of 10 years of excellence of the science faculty. therefore, the whole event was distributed among six different days. Each day carries unique theme and games according to the day. on such thoughts the, Science Faculty and IQAC organized the whole event.
