## 5. Brief Summary of the Programme:

In today's world, roads and transportation have become an integral part of every person's life. The current transportation system has shortened distances but on the other hand has increased the risk of death. Every year, millions of people lose their lives and millions are seriously injured due to road accidents so, in order to create awareness among the people through various activities, a Road Safety - A Social Movement was organized courtesy of 'Rotary Club of Kolhapur' at exactly 8.00 am organised by National Service Scheme department & Geography Department.

While guiding to the volunteers and students NSS program officer & H.O.D. of Geography Department Dr. D. L. Kashid-Patil said that in India alone, about one lakh sixty thousand people die in road accidents every year, which is thirteen percent of the total deaths worldwide. In most cases, accidents are caused either due to negligence or lack of awareness of road safety by road users. Therefore, road safety education is as essential as other basic survival skills. Our aim is to provide road safety information to road users to promote safety conscious behaviour among current and potential road users and to reduce the number of people killed and injured on our roads every year.

Dr. R. D. Mandnikar (IQAC Co-ordinator), Dr. A. B. Balugade (IQAC Co-coordinator), Dr. D. K. Valvi actively participated in this awareness endeavor and read the traffic rules and guidelines with the students. This endeavor received an overwhelming response from the volunteers and students of the college. The entire process was orchestrated by Dr. D. L. Kashid-Patil, Dr. Mrs. N. D. Kashid-Patil, Assistant Prof. Shubham Patil, Assistant Prof. Gaurav Katkar, Assistant Prof. Aishwarya Hingmire, and Assistant Prof. Pratima Shinde from the NSS Department & Geography Department. Dr. S. D. Jadhav delivered a vote of gratitude to participants. Other esteemed colleagues graced this occasion with their presence.
