

## **PROGRAM OUTCOMES**

- PO1: To make curiosity in the students for Zoology subject.
- PO2: To create awareness amongst students for the basic and applied areas of Zoology.
- PO3: To orient students about the importance of abiotic and biotic factors of environment and their conversation.
- PO4: To know the animal physiology, behavior and its characteristics.
- PO5: To inculcate good laboratory practices in students and to train them about proper handling of lab instruments.

## **PROGRAM SPECIFIC OUTCOMES**

- PSO1: Understand the nature and basic concepts of cell biology, genetics, taxonomy, physiology, ecology and applied Zoology.
- PSO2: Perform procedure as per laboratory standards in the areas of the Taxonomy, Physiology, Ecology, Cell biology, Genetics, Applied zoology, Clinical sciences, Tools and techniques of Zoology, Toxicology, Biochemistry, Fisheries, Animal biotechnology, Immunology and Biostatistics.
- PSO3: Understand the application of the zoology in Agriculture, Medicine and daily life.
- PSO4: Gain knowledge about research methodologies, effective communication and skills of problem solving methods.
- PSO5: Contributes the knowledge for Nation building.
