

Admission Process

Introduction and Policy:

The institute has followed Rajarshi Shahu's ideals of mass education, social justice and equality in its all endeavours. Accordingly, the process of admission, reservation criteria in academic and sports, concession in fees to girl students etc. have been taken care of so as to provide easy access to higher education for all masses and giving them social justice. For creating gender and communal equality, many programmes have been conducted by the Institute during the last five years.

The Institute is giving preference to the students belonging to socially and economically disadvantaged communities especially from rural and slum areas. The special help in the form of financial assistance, books, administrative assistance and educational and vocational counselling is provided to encourage them for sustaining their interest in higher education.

Institution, in its policies and procedures, has always taken utmost efforts for the holistic

development of students. It has the rich culture and tradition of sports. The provisions made by the institute and facilities available for sports increased sports students' admissions. Institution took optimum efforts and provided special attention to extraordinary sports students for their best performance in games. Through its policy decisions, institute is committed to provide physical facilities and sports equipments, grounds, coaches and trainers, mentoring and personal guidance to the sport persons.
